### PUMPKIN SPICE EDITION

It's September!!! Can you believe it??? So what is September all about anyway? Labor Day! HOORAY! HOORAY! HOORAY! For those of you with kids it's time to celebrate they are finally going back to school!

For anyone trying to rid their house or apartment of unused items...it's a great month for YARD SALES! I love, love, love yard sales! Also a great month for church bazaars and craft shows! Don't forget the Autumn Equinox and the Autumn Moon. September is the transition between summer and fall, however, it still seems like it's as hot as summer (with hurricanes - ugh!). It's the month we start thinking autumn is on our heels and before we know it there will be frost, colorful leaves, apples, gingersnaps, cider and the WONDERFUL WORLD OF PUMPKIN SPICE EVERYTHING (Cheerios - seriously?)

And yes THE E-A-G-L-E-S!! Ohhh yes and HOORAY HOORAY for FOOTBALL. We love our EAGLES!!

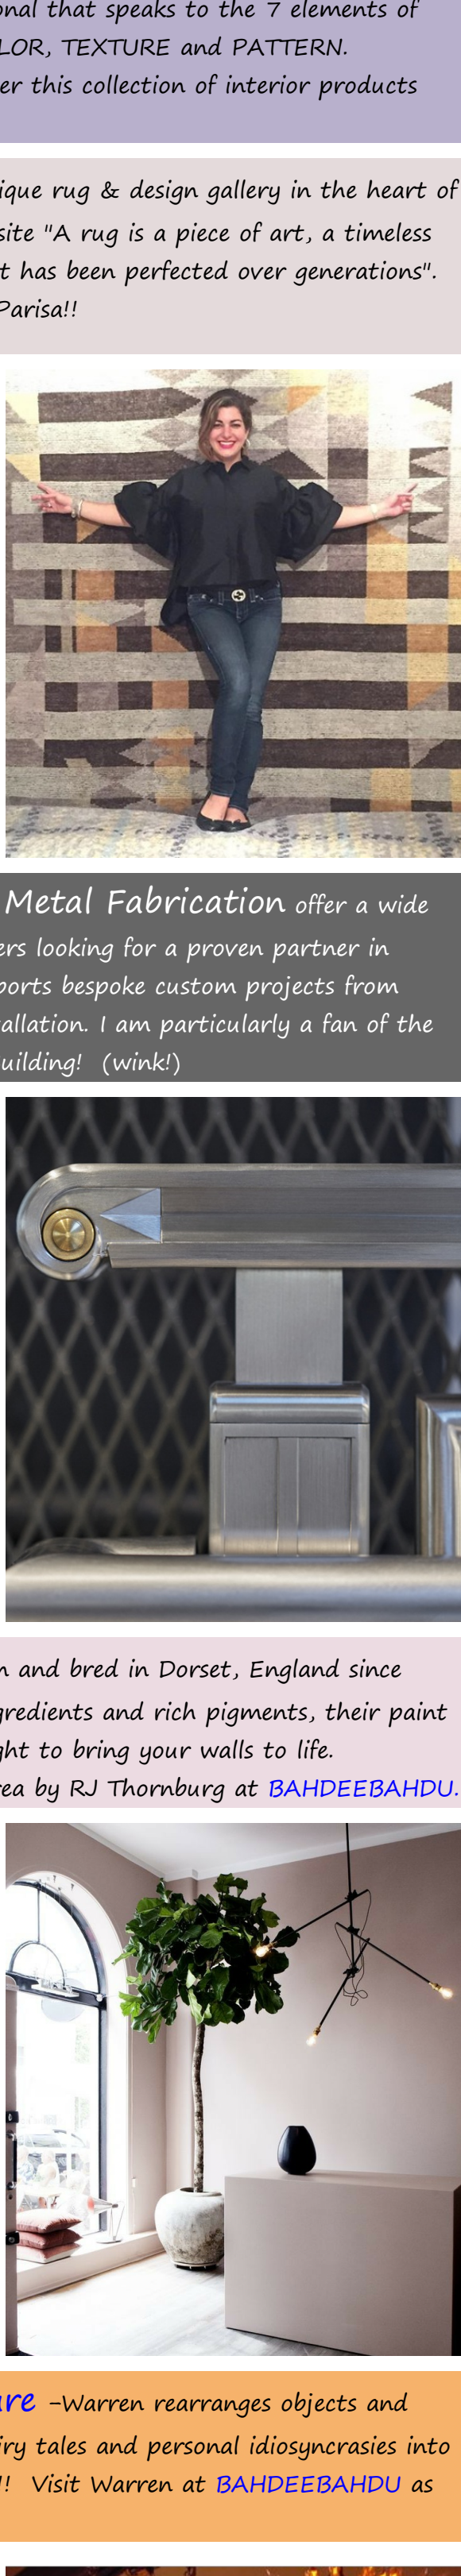

### WEDDING UPDATE!!

### NEW FEATURE!

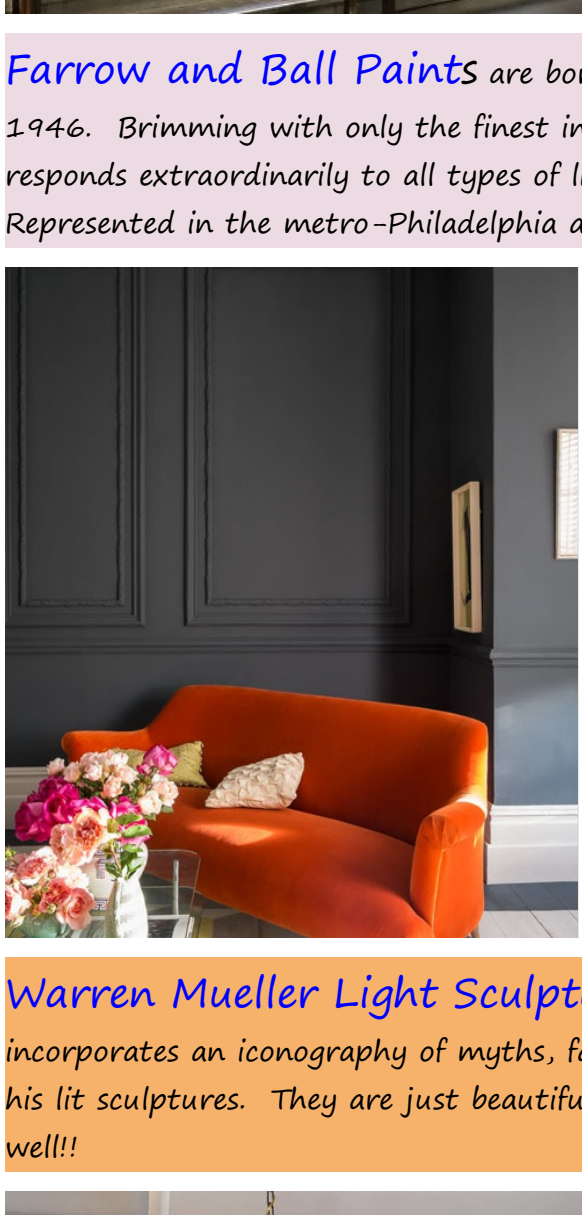

## Curated Inspirations

I am so excited about getting your feedback on this new feature!

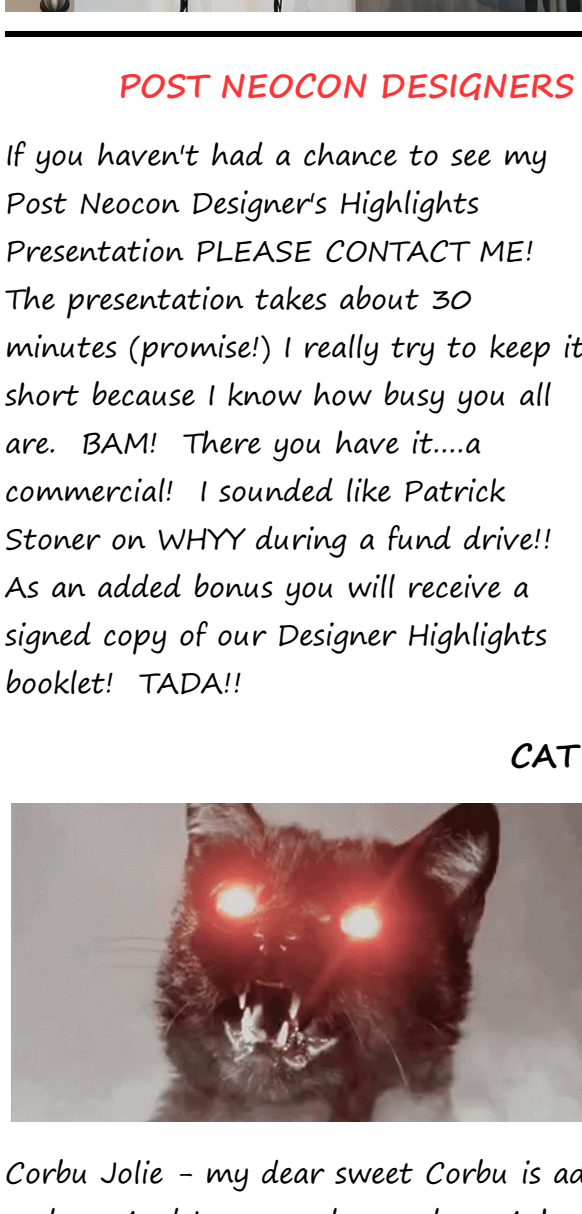

My goal is to highlight something sensational that speaks to the 7 elements of design: SPACE, LINE, FORM, LIGHT, COLOR, TEXTURE and PATTERN.

The designer in me LOVED pulling together this collection of interior products that is a REAL FEAST FOR YOUR EYES!

[Parisa Rugs and Decor](#) is a boutique rug & design gallery in the heart of Old City Philadelphia. From Parisa's website "A rug is a piece of art, a timeless story from the past, an ancient craft that has been perfected over generations". Her selection is phenomenal - I just love Parisa!!

[Amuneal Design and Custom Metal Fabrication](#) offer a wide range of services to architects and designers looking for a proven partner in bringing their ideas to life. Amuneal supports bespoke custom projects from initial design through fabrication and installation. I am particularly a fan of the staircase designed for the Empire State Building! (wink!)

[Farrow and Ball Paints](#) are born and bred in Dorset, England since 1946. Brimming with only the finest ingredients and rich pigments, their paint responds extraordinarily to all types of light to bring your walls to life. Represented in the metro-Philadelphia area by RJ Thornburg at [BAHDEEBAH DU](#).

[Warren Mueller Light Sculpture](#) -Warren rearranges objects and incorporates an iconography of myths, fairy tales and personal idiosyncrasies into his lit sculptures. They are just beautiful!! Visit Warren at [BAHDEEBAH DU](#) as well!!!

### CAT TALK

Corbu Jolie - my dear sweet Corbu is adjusting s-l-o-w-l-y. Very, very s-l-o-w-l-y. And I mean s-l-o-w-l-y. Ash and Simon are also adjusting s-l-o-w-l-y too. Let's put it this way...they are putting up with her. They can all be in the same room together without hissing and yowling - which is MAJOR progress. Those of you with cats will totally understand. This has been a challenge for all of us. But, WE ARE NOT GIVING UP! Corbu tends to think she is the boss. Ash and Simon do not. She may be smaller in size but she is mighty. As far as my husband and I go....she likes to attack our feet when we have flip-flops on. We have instituted a "flip-flop alert" before entering the house. Yes, we are looking forward to when it gets colder and we have our shoes and boots on - it will be a little more challenging for Corbu. LOL. Despite all the above, she really can be sweet and loving (when she has ALL THE ATTENTION. Oh, one more thing....she likes to talk...I wonder where she gets that! LOL! #puttingawaytheflipflops #prayingforcoldweather #achattycatty
